— GATE CO

CUSTOM MADE • PEDESTRIAN GATES • SWING GATES
SLIDING GATES • AUTOMATIC OPENERS

First impressions last! Your home is the best investment you'll ever make, why compromise on quality and style? With a Habitat Gate you'll be enhancing your home architecturally whilst adding security and privacy.

Habitat Gate Co is one of the Gold Coasts most reliable and trusted suppliers of affordable, quality gates in a wide range of designs to suit every home. Whether you're building or renovating our exterior design team will be able to assist in your pedestrian entry, swing or sliding gate with automatic openers and accessories available for ease of access.

KNOTWOOD GATES

It's not wood it's aluminium that looks and feels like wood. Knotwood is lighter, stronger, straighter and lasts longer with no maintenance. Knotwood has the natural beauty and timeless appeal of wood with the capabilities of aluminium. Knotwood uses a state of the art sublimation process to create woodlike aluminium that's greener, safer, stronger and easier to use than wood...with no maintenance or staining required! From traditional warm woody hues to dark modern ashes, rust colours or concrete looks, Knotwood has the most extensive range inspired from the natural world.

LASER CUT DECORATIVE GATES

The latest technology and fabrication techniques are used to create the perfect gate design for your home. Cut from a high grade quality solid aluminium sheet in a wide range of organic or geometric designs, these architecturally pleasing designs will fit right in to any type of gate. Laser cut or perforated punching, CNC cut, edge rounded for safety, lished, quality finishes are hand finished by our skilled fabricators before we powder coat them to the colour of your choice. Our designs are aesthetically pleasing but strong and secure. Our laser cut decorative screens can be made in to pedestrian entry gates, sliding gates, swing gates or matching fence infills.

ALUMINIUM SLATTED OR LOUVERED GATES

Louvered or slatted gates will suit almost any home, whether it's a contemporary, classic, colonial or Hampton's style, these timeless designs are always in vogue. Our quality-built custom made aluminium louvered or slatted gates can be constructed with vertical or horizontal aluminium slats welded to a strong box section frame for a seamless modern look.

Aluminium slats are normally 65mm x 16mm although different widths of slats are available including 38mm x 16mm, 100mm x 16mm and 150mm x 16mm and the gap size can be varied to personalise your design further.

Love shutters? Elliptical louvres are a great alternative with a side curved 100mm blade.

HAMPTONS OR OTHER CUSTOM DESIGNS

Create anything you like! Mix and match your slat widths and gaps, add some features. Have a Google, find what you like anywhere in the world and our master craftsman will manufacture one just for you.

COLOUR OPTIONS

Habitat Gate Co values the importance of colours and finishes in your design and understands that colour expression is an extension of your project. At the time of measuring and quoting, our experienced designer will assist in choosing the right coloured gate for your home. Our full range of finishes is available to view on our website.

WHY CHOOSE HABITAT GATE CO?

Not only are you supporting a family owned and operated business but our design specialist will walk you through the entire process, helping you select the colour and design that's right for your home. Let our exterior designer come to your home, discuss your colour and design options, take accurate measurements using the latest in technology and provide a competitive quote. We will custom make your gate locally using only tried and tested quality components with superior colour finishes. We will have it installed in no time
