

## WELCOME TO THE NEW FINANCIAL YEAR!

I cannot thank you, our amazing team members for the amazing work you have been doing during these strange times. I have received incredible feedback around the flexibility and diligence of the Phoenix team members as we navigate COVID 19. I would also like to thank those staff members that voluntarily had themselves tested if they had symptoms and then self isolated until the results came back.

I cannot stress enough how important it is that you not attend shift if you are feeling unwell. If you are having any cold and flu symptoms please get tested! It is important that you advise the people doing the test that you are an essential care worker which will fast track the testing.

Your support team at the office is happy to be moving to larger premises that will allow us to work from an office rather than my loungeroom. This new facility will have the ability to once again host our coffee mornings as well as meeting rooms for debriefing. There will be a dedicated computer for team members to complete compliance documents, for example police checks and fire safety.

Personally I am most looking forward to our new coffee machine and I am excited to make you a coffee and have a chat once the restrictions are lifted.

Group Certificates/PAYG Summary will be connected to your mygov account
